

Supplementary Table S1. Full Institutional Document Inventory

Article: *One Pesantren Tradition, Two Epistemic Configurations: A Comparative Documentary Analysis*

Scope. This supplementary table lists the institutional documents forming the primary comparative corpus of the study: 21 Ma'had Aly At-Tarmasi documents and 29 IAIT Pacitan documents. The additional 47 documents from the Pondok Tremas foundation layer and Madrasah Aliyah are used as referential context only and are not included in the comparative F.1 scoring.

Terminology note. Document titles and institutional abbreviations are retained in their original Indonesian forms (e.g., RPS, PMB, SK, LPJ, Sampel Makalah) to preserve the evidence-tracing system used in the manuscript; English categories are provided only to clarify each document's analytical function for international readers.

Completion note. The current manuscript table starts from MAT-Doc-02 and IAIT-Doc-02. Therefore, MAT-Doc-01 and IAIT-Doc-01 are retained as placeholders to preserve the stated totals of 21 and 29 documents; their exact titles should be completed before submission.
